During the period of the conduct of these examinations, seven of our staff and a Police Officer lost their lives while on national duties on board the infamous Niko Ivanka Vessel that was sailing to the southeast on July 17, 2021. May I crave your indulgence for a Moment of Silence for those gallant men who lose their lives while on active duty. May their gentle souls and those of all faithfully departed rest in perfect peace.

2. EXAMINATIONS CONDUCTED IN 2021

The Council conducted two types of Examinations for School Candidates in Liberia in 2021 as follows:

- (1) National Examination; and
- (2) International Examination.

The National Examinations were developed and administered to candidates in Liberia who were in the 3rd, 6th, and 9th grades. The Liberia Primary School Certificate Examination (LPSCE) and the Liberia Junior High School Certificate Examination (LJHSCE) have been conducted in Liberia over the years. The maiden edition of the Liberia National Assessment Test (LNAT) was conducted in 2021 and it is anticipated that all schools will take advantage of this assessment in 2022.

The Council's International Examination, The West African Senior School Certificate Examination (WASSCE) is available for candidates in the terminal class of senior high schools in all five English Speaking West African countries. Unlike the national examinations, WASSCE is a common test that candidates write at the same time in the five countries for subjects that are available in those countries.
